Outpatient guide

Information for patients
Sheffield Teaching Hospitals

PROUD TO MAKE A DIFFERENCE

SHEFFIELD TEACHING HOSPITALS NHS FOUNDATION TRUST

Foreword

We want your hospital visit to be as simple and straight forward as possible. This booklet is intended to give you some general information about the hospital so that you know what to expect.

It cannot cover everything you may want to know, so please feel welcome to ask the doctors, nurses or other hospital staff if you have anything which concerns you.

Please note

The information in this booklet is subject to change.

If restrictions related to COVID-19 are reintroduced the information about refreshments and shops will not apply. Other parts of the booklet might also change.

The information could also change for other reasons, such as infection control or staffing pressures.

The staff on your ward or in your clinic will let you know about any important changes. You will receive a letter before you come to the hospital or you will be told when you get here.

Welcome to Sheffield Teaching Hospitals

Sheffield Teaching Hospitals is one of the UK's largest NHS Foundation Trusts and one of the largest and busiest teaching hospitals. We have over 16,000 staff caring for over two million patients each year at our five hospitals and in the local community:

- Royal Hallamshire Hospital
- Northern General Hospital
- Charles Clifford Dental Hospital
- Weston Park Cancer Hospital
- Jessop Wing Maternity Hospital

We are one of the UK's biggest providers of integrated hospital and community-based healthcare providing a comprehensive range of local and tertiary services to the residents of Sheffield, South Yorkshire, Mid Yorkshire and North Derbyshire, and also some highly specialist services to all parts of England. We have a history of delivering high quality care, training and developing high calibre multidisciplinary health professionals, clinical excellence and innovation in medical research.

The Trust plays a key role in the training and education of medical, nursing and dental students with our academic partners, including the University of Sheffield and Sheffield Hallam.

As a Foundation Trust we have more freedom to develop our services for the benefit of patients and give people a much greater say in how we do this.

For details of how you can get more involved in the running of the hospital see page 28 on Foundation Trust Membership.

For more information visit: **www.sth.nhs.uk**

Your appointment

Details of your visit are on your outpatient appointment letter. If you have any queries at all about your appointment date, or if you need to change it, please telephone the number given on your appointment letter.

Please remember to let us know if you have changed your name, address, or your GP, so that we can update our records.

To help us find your appointment record, please have the following information to hand:

- The date you are coming into hospital
- Your hospital number (this can be found on your admission letter and starts with two letters followed by four numbers)

Appointment reminder service

To help reduce the number of wasted appointments we have begun to send a text message reminder 2 days prior to appointments in a number of services.

We are seeking to expanding this across our services over the coming months

Please help us make best use of our time by letting us know if you are unable to attend.

Help us to help you

We want to make sure your visit goes smoothly, so please let us know if you have any special needs before you come into hospital.

Help for people who need an interpreter

If you do not speak English and need to have an interpreter for your appointment, please ask someone who speaks English to telephone the Patient Accessibility team on **0114 271 2167**, 9:00am to 5:00pm Monday to Friday - so your communication preferences can be recorded in your patient record and an alert added to it so your needs are known to staff

Interpreting is now done via the telephone and only in exceptional circumstances will we offer a face to face interpreter.

If you have difficulty understanding English whilst in hospital, please tell a member of staff who can arrange for an interpreter to help you.

Help for people with a hearing impairment

If you need a sign language interpreter for your appointment please call the Patient Accessibility team on **0114 271 2167**, 9:00. to 5:00pm Monday to Friday or e-mail **sth.patientaccessibilitysth@nhs.net** before your visit and they will arrange this for you. Please provide as much notice as possible.

As well as face-to-face British Sign Language (BSL), the Trust is also using video BSL where appropriate and this may be used for your appointment.

Accessible information and communication

If you have an on-going communication support need as a result of a disability, impairment or sensory loss, please do tell us. If required, patient information can be made available in alternative formats. This is only done on request but can include Braille, large print, audio, electronic formats and other languages.

You can tell us about your needs by calling the Patient Services Team on **0114 271 2400** or by emailing **sth.pals@nhs.net**

AccessAble access guide

Sheffield Teaching Hospitals has worked in partnership with AccessAble to produce online access guides for all departments, wards and services at:

- Northern General Hospital
- Royal Hallamshire Hospital
- Jessop Wing Maternity Hospital
- Charles Clifford Dental Hospital
- Weston Park Hospital

The access guides cover such information as automatic doors, ramps, lighting, colour contrast, signage, background noise and much more.

Please visit the AccessAble website to search for the relevant hospital / department:

www.accessable.com/search-places-to-go

How to get here

By public transport

Bus

The Royal Hallamshire Hospital is about a 25 minute walk from the city centre and is served by several bus routes. Details of these bus routes and other public transport options can be found in the Sheffield Hospital Travel Guide. The guide is available from Travel South Yorkshire and can be obtained by calling Traveline on **01709 51 51 51** or visiting their website: **www.travelsouthyorkshire.com**

Tram

Yellow and Blue route trams all stop at University stop, which is around a 5-8 minute walk to the Royal Hallamshire Hospital. Another benefit is there are several park and ride facilities where you can park and then hop on a Tram – available park and ride sites can be viewed on Travel South Yorkshire prices vary for tram only and park and ride, all available tickets can be viewed on **Travel South Yorkshire** tickets and passes page or by calling Traveline on **01709 51 51 51**.

Cycle

There are numerous cycle stands available - you will need to provide your own lock to secure. Our public cycle storage locations can be viewed on the map detailed here [pil627.pdf](#) (sth.nhs.uk).

By car

Parking is extremely limited at all our sites and spaces can fill up very early. We cannot guarantee a space for you on arrival so please, wherever possible, use alternative transport methods. Both our hospital campus sites have extremely good public transport links as well as drop-off areas immediately adjacent to most entrances.

The Royal Hallamshire hospital is on Glossop Road (B6069). If you are using SatNav the postcode for the hospital is **S10 2JF**.

There is a site plan at the back of this leaflet showing the hospital's multi-storey car park. There is a charge for parking in the multi-storey car park, disabled parking is free. For details of current charges telephone: **0114 271 3140**.

There is also an alternative car park, run by Q-Park, on Durham Road. This is just a short walk away from the hospital.

Disabled parking

If you are brought into hospital by another driver they may drop you outside the department you are visiting but the car must then be moved to a designated parking area. Disabled car parking spaces are available near the main entrances to all major buildings.

By ambulance or medicar

If you feel that you need an ambulance or Medicar to get to hospital please telephone the number on your appointment letter and speak to a member of staff. Please note that this service is not available to all patients, only to those with a medical need.

Help with your fares

If you are entitled to certain means tested benefits you may be able to get help with your train or bus fares or car mileage, including a £2.00 contribution to car parking at the multi-storey car park at the Royal Hallamshire Hospital. Further information and advice is available from the hospital Cashiers on **0114 271 2060** or **271 2545**.

The method of payment for travel expenses is in the form of cash and BACs (payment direct into your account).

You are advised to claim any travel expenses in cash at the Cashiers window within the three month period. The Cashiers office is situated on Level B at the Royal Hallamshire Hospital.

You will be required to show your most up-to-date benefit letter along with your attendance certificate which you can collect from the outpatient clinic. It is essential that you produce your bus tickets and train tickets as evidence of the amount.

Car mileage will be worked out by the use of AA Auto route.

Alternatively please refer to the Healthcare Travel Costs Scheme which has been issued by the Department of Health and can found on their website:

www.nhs.uk/NHSEngland/Healthcosts/Pages/Travelcosts.aspx

When you get here

Where to go

There are two main entrances, one on A road and one on B road. Please go to the reception desks for directions if you are unsure of where to go. Volunteers are available to assist you.

How long will it take?

If you are a new patient please be prepared for your visit to take up the major part of the morning or afternoon as, in some cases, it may be necessary for you to have tests or x-rays during the course of your visit. Please ensure you take this into account when parking as your visit may take more than 4 hours.

What to bring with you

Please make sure you have brought all your current medication with you.

Disclaimer

The trust accepts no responsibility for the loss of, or damage to, personal property of any kind unless deposited for safe custody. Please leave valuables at home. If you need to bring personal items that are expensive please be aware that you do so at your own risk.

Waiting times

The standard is that patients will be seen within 30 minutes of their appointment time to see the doctor. If, exceptionally, there are delays in the clinic, the department staff will keep you informed.

Sick notes

If you need a sick note please remember to ask the doctor during your consultation in the clinic.

Before leaving

Further appointments

When you have been seen by the doctor you will be told whether or not you need to attend the outpatient department again. Before leaving you should tell the receptionist who will either:

- offer you a further date for a future clinic
- note that you do not need to attend
- arrange to write to you offering a future appointment date

Different clinics book appointments differently.

Prescriptions

You will only be given a hospital prescription for medicines which you need to start taking immediately, or those which your GP is unable to prescribe.

Please do not ask the hospital doctor for medicines you routinely obtain from your GP (repeat prescriptions).

If your hospital doctor wants you to start taking a new routine medicine a letter will be sent to your GP. This letter will advise your GP what to prescribe. Please allow sufficient time for details of your new prescription to be sent from the outpatient clinic to your GP surgery before requesting a new prescription.

If the hospital doctor issues you with a prescription this should be taken to the Boots Pharmacy on C Floor of the Royal Hallamshire Hospital.

The Boots Pharmacy is open:

Monday to Friday 8.30am to 7.00pm
Saturday 9.00am to 2.00pm

Outside these times prescriptions should be taken to the hospital pharmacy also located on C Floor of the Royal Hallamshire Hospital.

The hospital pharmacy is open:

Monday to Friday 8.30am to 7.00pm

Saturdays and Sundays 9.00am to 4.00pm

If the hospital doctor prescribes medication using the Trust electronic prescribing system you will be offered options for how to receive the medication supply.

A hospital prescription must be dispensed at the hospital and cannot be taken to your local chemist.

White prescriptions and clinical trial prescriptions should be taken to the Hospital Pharmacy, while blue prescriptions should be taken to the Boots Pharmacy located within the hospital.

If you normally pay a prescription charge then the current charge will be made. If you are exempt from payment please make sure you bring proof of this, for example, a pension book or exemption certificate.

If you do not have proof of exemption, there will be delays in processing your prescription as you will be asked to complete and sign a form at the pharmacy.

It is important that you understand clearly how to use the medicines you are prescribed. If you are unsure please ask the pharmacy staff who will be pleased to help.

Other important information about your visit

Screening

To protect all our patients from potential infections, we ask everyone coming into hospital or attending outpatients a number of questions about their health. These questions may include ones about Creutzfeldt-Jakob disease (CJD) and MRSA. Asking these questions doesn't mean that we think you may have these illnesses. The Department of Health requires us to ask these questions to protect all patients, so please don't worry.

In addition to this, we now routinely swab patients for MRSA and Covid-19 when they are admitted to hospital and every few days for Covid-19 during their admission. We also swab many patients for MRSA and Covid-19 when they are outpatients and we are preparing for them to be admitted to hospital for planned operations or to receive treatments. This is in line with Sheffield Teaching Hospitals' policy. If you haven't been swabbed within 12 hours of arrival, please speak to a member of staff.

Consent

A large number of the treatments and procedures we undertake at STH have an associated risk. We will inform you of these risks beforehand, and give you the opportunity to ask questions, as you require. You may also be asked to sign a consent form, to acknowledge that you clearly understand what is going to happen to you and the associated risks involved.

Second opinions

Advice from a different healthcare professional either here or elsewhere is usually available. We would be happy to advise you how to go about this if necessary.

Medication and other treatments

Some of the medicines and treatments we use contain ingredients that come from human or animal sources. If you have any concerns about this, please tell your doctor so that we can tell you if this applies to any medicines or treatments planned for you and discuss alternatives.

Hospital notes and confidentiality

To provide you with the best medical care we need to keep notes of your condition, treatment and progress. We would like to assure you that this information, which forms your medical record, is kept confidential at all times. For more details about how we use your records and what the law allows see www.nhs.uk/records or our leaflet 'How we use your personal information' (PIL3040) on our website

<http://publicdocuments.sth.nhs.uk/pil3040.pdf>

You also have a legal right to see your medical records. If you wish to see or obtain a copy of this, details on how to apply can be found here:

www.sth.nhs.uk/about-us/general-data-protection-regulations/subject-access-requests or by contacting the Medical Records Subject

Access Team:

Health Records Administration Office

Royal Hallamshire Hospital

Glossop Road

Sheffield

- **0114 271 3054**
- **sht-tr.sars@nhs.net**

Teaching at the hospital

As a teaching hospital, we have a responsibility to train future doctors, nurses and other health professionals. This means that students may be present during your treatment and be involved in your care. All our students work under the supervision of a qualified member of staff.

By allowing students to be involved in your care you can make a valuable contribution to their training. If you prefer not to, please tell a member of staff as soon as possible. You have a right to do this, and your decision will not affect your treatment in any way.

Research at the hospital

Many of the treatments available today have been developed as a result of patients and families taking part in laboratory and clinical research. The Trust is one of the country's leading centres of this research and undertakes studies across a vast range of specialties. In taking part in a study you can help improve treatments not just for yourself but for many others too. If you are interested in finding out what studies are taking place, please speak to a member of staff. Alternatively you may be approached to take part in a study – you do not have to agree and your decision will not affect the treatment you receive.

Organ and tissue donation

Organ transplantation saves and enhances people's lives. It is often the best or even the only treatment for many patients suffering from disease or failure of a major organ such as the kidneys, liver or lungs. Many patients each year benefit from a transplant, but this depends entirely on the generosity of donors and their families who are willing to consider organ and tissue donation. If you would like more information about joining the NHS Organ Donor Register, visit the organ donation website **www.organdonation.nhs.uk** or call free on **0300 123 23 23**.

Please also speak to your family and friends about your donation decision so that they are aware of your wishes in the event of your death.

Mobile phones and mobile devices

It is our hospital policy for mobile phones and mobile devices to be switched to silent when entering a hospital ward or department. This is to respect the hospital environment for patients and staff. If you need to receive or make a call, please do so away from the ward or clinical areas.

To protect patient confidentiality, mobile phones and devices with cameras should not be used to take photographs/videos in areas where other patients are present. Any other photographs/videos taken should be with the permission of the individuals. The photographing/videoing of clinical records, x-rays, scans or examinations is not permitted.

It is also hospital policy that you should not display or play any material on a mobile device which might cause offence to other people.

There are some areas of the hospital where mobile phone and mobile device usage is forbidden or restricted. These areas are generally where specialist medical equipment is being used to treat a patient e.g. critical or intensive care wards and units. Please follow local signage. If you are in an area where you are not allowed to use your mobile device, you must switch it off and not leave on silent or vibrate as this can still affect medical equipment.

Free Wi-Fi

Sheffield Teaching Hospitals offers a free, browsing only Wi-Fi service for all patients and guests on Trust premises. To connect to the internet, select 'Guest Wi-Fi' from the list of available networks listed on your device (Settings >> WiFi >> Guest WiFi). This will load a login page. Simply accept the terms and conditions. Upon acceptance, you'll be redirected to the Sheffield Teaching Hospitals website, and connected to the internet.

Please note that this service is restricted to browsing only, and some sites are restricted to align with the Trust commercial obligations and policies.

The Guest Wi-Fi service is free, but patients and visitors must supply their own devices, headphones, and chargers. Sheffield Teaching Hospitals cannot provide technical support for patient and visitor devices, so please check the 'Guest Wi-Fi Access - Common Problems' user guide prior to your stay, to ensure that your device settings are compatible with the service. This guide can be found on our main website: **www.sth.nhs.uk/wifi**

Telephones

Public telephone facilities are available in the main hospital entrance on B Floor. Please ask the receptionist in your clinic for directions.

Smoking

Smoking is not allowed anywhere within our hospital buildings or grounds. Vaping is allowed within the grounds away from entrances.

If you would like help to stop smoking please telephone Yorkshire Smokefree Sheffield on **0800 612 0011** (free from landlines) and **0330 660 1166** (free from mobiles) or see their website:
<http://sheffield.yorkshiresmokefree.nhs.uk/>

Zero tolerance

Our staff are here to help you so please treat them with respect. Violent or abusive behaviour, either physical or verbal, is not acceptable and will not be tolerated, we will take appropriate action, which may include prosecution.

Services available

Refreshments

There are various places to eat and drink with a range of hot and cold options:

- AMT coffee shop - B Floor (Main Entrance) Royal Hallamshire
- Main hospital dining room and coffee shop - D Floor, Royal Hallamshire
- Cafeteria, Ground floor, Jessop Wing
- RVS coffee bar, Ground floor, Weston Park
- Main dining room, 2nd floor, Weston Park

There are also vending machine facilities around the hospital site.

Shops and cash points

There are the following shops and cash point on site:

- WH Smiths - B Floor (Main Entrance)
- Boots - C Floor
- NatWest cashpoint - B Road (outside the Main Entrance)

Volunteer Service

The Volunteer Service in the hospital is delivered in partnership with Sheffield Hospitals Charity. Volunteers play a vital role within Sheffield Teaching Hospitals and giving your time helps make a big difference to our patient's lives.

We have around 300 volunteers carrying out many different roles including:

- **Outpatient Volunteers** who provide a friendly and welcoming presence to patients and help to make the visit for their appointments comforting and pleasant.
- **Patient Feedback Volunteers** who carry out surveys and audits across the hospital.
- **Pharmacy Volunteers** who deliver medications to wards, helping to ensure patients are discharged as soon as possible when ready.
- **Ward Activities Volunteers.** Volunteers deliver one to one and group activities on different wards in the hospital, providing distraction and companionship to patients.
- **Welcomers** who provide a friendly and courteous welcome to patients and visitors and help them find their way around the hospital.

All our volunteers will have hospital identification badges and wear a distinctive blue and yellow volunteer uniform.

If you are interested in becoming a volunteer and would like more information please visit our website

www.sth.nhs.uk/work-for-us/volunteering, call the Voluntary Services Team on **0114 271 5735** or email us at **sth.volunteer@nhs.net**

Hospital chaplains

The chaplains on the hospital staff are drawn from a range of faiths and beliefs, which includes non-religious beliefs. They offer broad support to anyone who is facing emotional challenges whilst in hospital, as well as provide rites and rituals to those from their specific faith or belief group.

Please do not assume that the chaplains will automatically know that you would like a visit. If you would like to see a chaplain, ask a nurse, relative or friend to leave a message on **0114 271 4999**.

The hospital chapel on A Floor is available to all throughout the day as a place of quiet or prayer. Christian patients may wish to receive Sunday ministry at the bedside. There is also a Muslim prayer room on B Floor and a multi-faith & belief room on the right-hand side of the chapel. At Weston Park Hospital, there is a chapel & breathing space on the first floor

Sheffield Hospitals Charity

Help your local doctors and nurses to deliver the best possible care for patients. Your support will enable them to continue delivering world class care by funding state-of-the-art equipment, pioneering research, patient support services and the transformation of your hospitals into more comforting and welcoming spaces.

For more information, or to make a donation, visit us in the Fundraising Hub based in the Huntsman entrance at the Northern General Hospital, call **0114 226 7351**, email **charity@shct.nhs.uk** or visit **Sheffieldhospitalscharity.org.uk**

Your opinion is very important to us

Whether you are happy or unhappy with the care and treatment that you have received we'd like to know about it.

If we are not getting it right and you want to raise a concern, you can speak to any member of staff. If the problem can be resolved quickly we will do our best to put things right.

If you prefer, you can call the Patient Advice and Liaison Service (PALS) on **0114 271 2400**. They will be happy to listen to you and assist you by putting you in touch with the right person to address your concern. PALS can also give you further advice on how to make a complaint.

How to make a complaint

We can send you a complaint form or you can complete one online at the Sheffield Teaching Hospitals website

www.sth.nhs.uk/patients/tell-us-what-you-think. Or if you prefer you can write to us regarding your concerns by sending your letter to the Chief Executive using the address below:

**Chief Executive
Sheffield Teaching Hospitals NHS Foundation Trust
8 Beech Hill Road
Sheffield S10 2SB**

Your complaint will be treated confidentially and will not affect your current or future care and treatment in any way.

Support with making a complaint

If you need further help and support to make your complaint you can contact the NHS Complaints Advocacy Service on:

- free phone: **0800 035 0396**
- textphone: **0796 002 2939**
- email: **info@sheffieldadvocacyhub.org.uk**

Further information is available at:

- www.nhscomplaintsadvocacy.org
- <https://sheffieldadvocacyhub.org.uk/>

Further help and support

If you are still unhappy after you have received our answer to your complaint you can contact the Parliamentary and Health Service Ombudsman on **0345 015 4033** or visit www.ombudsman.org.uk.

You can also have your say about how Health Services are delivered in Sheffield by contacting Healthwatch on **0114 253 6688** or visiting www.healthwatchsheffield.co.uk.

Patient experience feedback

The Trust values your feedback and undertakes a number of surveys to get a better understanding of the experience of our patients and to improve services. To do this we may pass your contact details to our approved surveys contractor and you may be asked for feedback via text message, telephone, email or letter. You will never be contacted for any reason other than in relation to our services and your care.

Data is shared in line with Caldicott requirements and is the minimum necessary to process the survey. It is provided through a secure network and all data is deleted on the Trust servers within 30 days.

Participation in surveys is voluntary and all feedback provided is anonymous and confidential and will not affect any future care.

If you do not wish to participate in a survey then please contact our Patient Advice and Liaison Service (PALS) on **0114 271 2400** or sth.pals@nhs.net.

For further information please visit <https://www.sth.nhs.uk/about-us/general-data-protection-regulations> for our most up-to-date GDPR information and Privacy Notice.

Friends and Family Test

This hospital takes part in the Friends and Family Test which asks the simple question **“Overall, how was your experience of our service?”**

You may be contacted either by SMS or an automated telephone survey asking you to tell us what you think about your experience. Responses are free and anonymous and participation is voluntary. Your response will not affect your treatment or care. Your feedback is very important to help us improve our services.

You can also give feedback online by following this link <http://ratenhs.uk/0nonrj>. Some departments may have electronic devices to support you giving feedback via the Friends and Family Test online survey while you are in the hospital.

You can also access the survey via the QR code with any smart device. Simply hold your camera over the QR code and a link to the survey will appear.

If you receive the survey and you do not wish to take part, you can simply reply STOP when you receive the SMS message, or follow instructions on the call to opt-out of the survey.

If you do not want us to contact you with this question then please inform a member of staff and we will ensure you are not contacted for the Friends and Family Test.

Thank you for your help.

Foundation Trust membership

]Sheffield Teaching Hospitals NHS Foundation Trust is the organisation that runs the adult hospitals and community services in Sheffield. Being a Foundation Trust means we are accountable to local people like you. For the Foundation Trust to work it needs your support and input by becoming a member. It's completely free of charge. Membership is open to everyone and over 12,000 patients and local people have already become members.

As a member:

- You will be invited to exclusive members' events such as our Annual Members' Meeting and health talks where you will hear from some of our experts.
- You will receive our free members' magazine, GoodHealth, three times a year. The magazine is full of health tips and advice direct from our doctors and nurses as well as useful information about the hospitals and what's going on in the NHS.
- You will have an opportunity to give your views by taking part in surveys about the hospitals.
- You will be eligible to stand for election as a Governor.
- You can vote in elections for Governors to represent you.

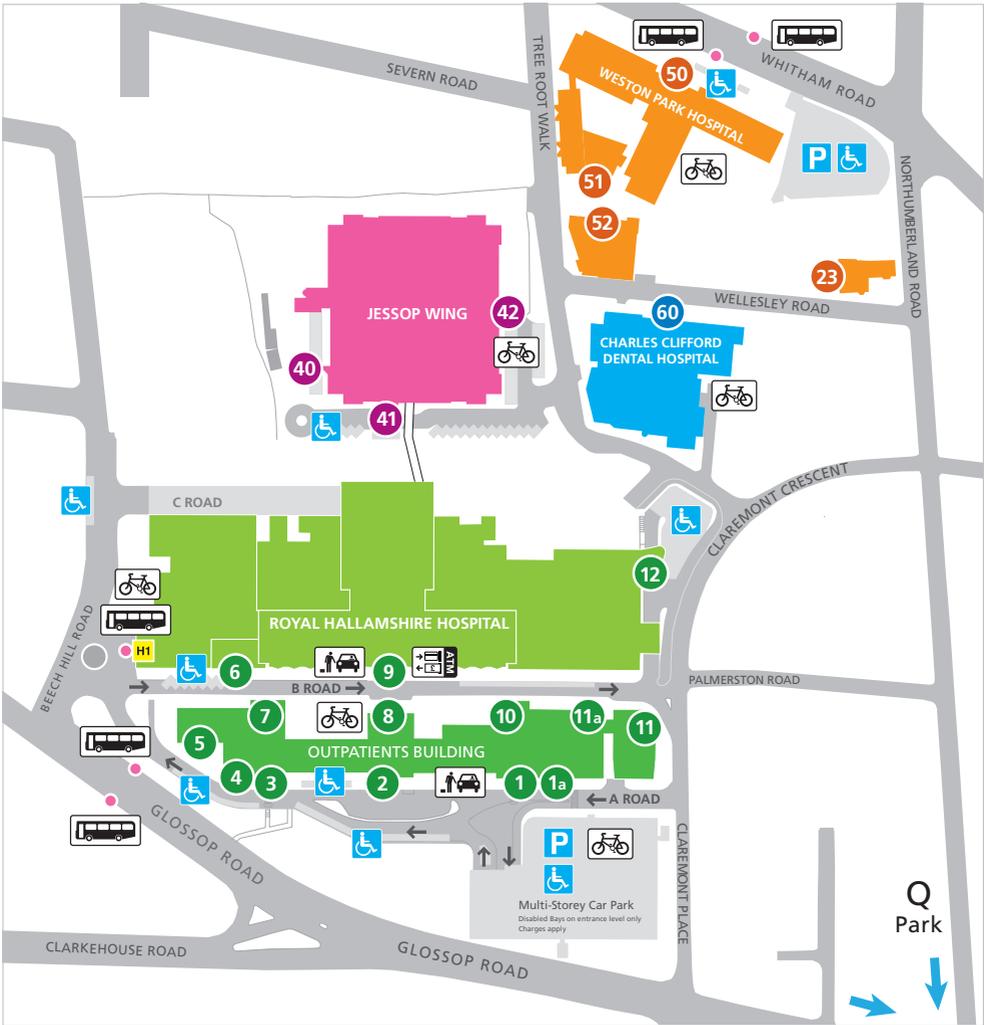

It's easy to become a member simply complete and return the form over the page; email **jane.pellegrina1@nhs.net** or register online at **<https://www.sth.nhs.uk/members/become-a-member>**.

Please return the form on the next page to:

**NHS Foundation Trust Office
